Q: How do you help the customer?

A: I have gotten to the point where most of my customers come to me directly when they open new businesses. I get the specifics from them, following up personally. That's probably the reason why I have high sales numbers -- I am intentional about building reliable relationships with my customers.

Q: How have you learned to overcome obstacles from your job?

A: I've learned how to manage the scheduling of each day very well. I've also learned that faith and a positive attitude can help me too. I take a deep breath and have a positive mindset. Life gets frustrating, and that is my source of peace when things get crazy.

Q: What motivates you?

A: Making others happy. A job well done. The customer's satisfaction, whether it's an internal or external customer. Doing things right. I care too much at times about things being right, in terms of account setup and service.

Q: What do you like to do outside of work?

A: I like to go to the lake, I love the sun. I also have a scrapbooking hobby. I go on a weekend retreat to the lake every year with my girlfriends and we eat, chat, and scrapbook. Those are some of my favorite weekends.

Q: What's your favorite TV show, musician, and movie?

A: Friends, Kid Rock, and Pretty Woman

Q: What is your favorite fried food?

A: I don't eat much fried food, but I do love Raising Cane's.
