CLEANSTAR® 1500 MODEL

Automated, fully insulated, stainless-steel tank. Features a slender build and is equipped with an energy-saving heater and a full tank alarm.

System Features:

- 1350 lbs. / 180 gal. used cooking oil storage capacity
- Stainless steel tank
- For use with liquid or solid shortening
- Equipped with "full tank" shut off and heater
- Proprietary "Anti-theft Fitting" allowing only a DAR PRO truck hose to remove used cooking oil
- Operation/Installation Manual and Storyboard

System Requirements:

- Height: 85" / Width: 30" / Depth: 30"
- 110-volt / 20 amp dedicated circuit within 6' of tank
- Pre-install survey
- Service agreement

System is:

- NSF/ANSI4 sanitation certified
- UL142 certified for NFPA 30 compliance
- UL 197 certified for "Commercial Cooking Appliance" safety

Direct Pump System

This system enables the filter pump on your fryer to connect directly to the Cleanstar 1500 tank and transfer the spent oil with one touch of a button. It's a safer and more efficient process.

If a direct pump option isn't right for you at this time, we offer **three additional ways** to safely transfer oil.
