ADDING VALUE THROUGH **SERVICE** **AND INNOVATION**

A TRUSTED SERVICE PARTNER TO OVER
130,000 CUSTOMERS NATIONWIDE

ABOUT US

DAR PRO Solutions is a brand of the Darling Ingredients. We collect used cooking oil and meat by-products from food service producers across the United States and repurpose it into renewable diesel, animal feed ingredients and other household and industrial resources. Among our customers are independent and brand restaurant chains, casinos, hotels, major airports and virtual kitchens. We are committed toward creating a more sustainable world and aim to build on more than a century of expertise and innovation to provide quality service solutions throughout North America.

OUR SERVICES

> Used Cooking Oil

We offer storage and collection solutions to help you safely and efficiently handle used fryer oil and reduce your carbon footprint.

> Grease Trap

Our regular removal and cleaning services ensure your stores remain in compliance with all local and federal grease trap regulations.

> UCO Systems

Our extensive line of grease storage equipment is second-to-none in the industry, with outdoor and automated systems to fit any store's footprint.

> Meat By-Product

Our service includes containment, collection and recycling for your inedible meat waste, whether your site produces 500 or 500,000 lbs. of material a day.
