USED COOKING OIL RECYCLING DONE RIGHT

ELIMINATE THE WORRY AND HASSLE

You are busy running your restaurant and worrying about how to recycle used cooking oil shouldn't be a top concern. Our mission is to make the collection process as simple and unobtrusive as possible. Rest easy knowing that DAR PRO is a professional partner you can trust.

HOW IT WORKS

- > Sign up for service electronically and we deliver a storage container to fit your needs
- > Service is auto scheduled and you can reach our support team 24/7
- > Contactless pickup allows our technicians to extract oil without entering your building
- > We stay out of the way so your business can continue to operate uninterrupted
- > Material is repurposed locally at one of our 80+ bio secure processing plants
- > The majority of cooking oil becomes ingredients for producing renewable diesel

WHAT WE DO

The way you handle your used cooking oil can affect your business' internal operations and shape how customers see your impact on the environment. Reliable, end-to-end services not only makes used cooking oil recycling and collection a nonissue, you can let your customers know that you are contributing to a greener tomorrow.
