

# Collagen for healthy lifestyle

# Rousselot

| by Darling Ingredients

Rousselot is the **global leader** in collagen-based solutions<sup>1</sup>. Health & Nutrition portfolio is dedicated to collagen peptides solutions that **improve people's health & wellbeing** with proven efficacy, safety and premium quality.

We are committed to developing **innovative ingredients** that answer today's consumer demands.

Thanks to our drive for **innovation** and **collaboration**, we support our customers at every phase of their product development process.

## Our Corporate Social Responsibility promise

We make sure our activities bring positive value to society and **preserve the future** for coming generations.

As part of our global CSR program, we aim to bring a **world of health benefits**.

Our collagen solutions contribute to the United Nations' third and twelfth sustainability goals.

## Global Health & Nutrition network

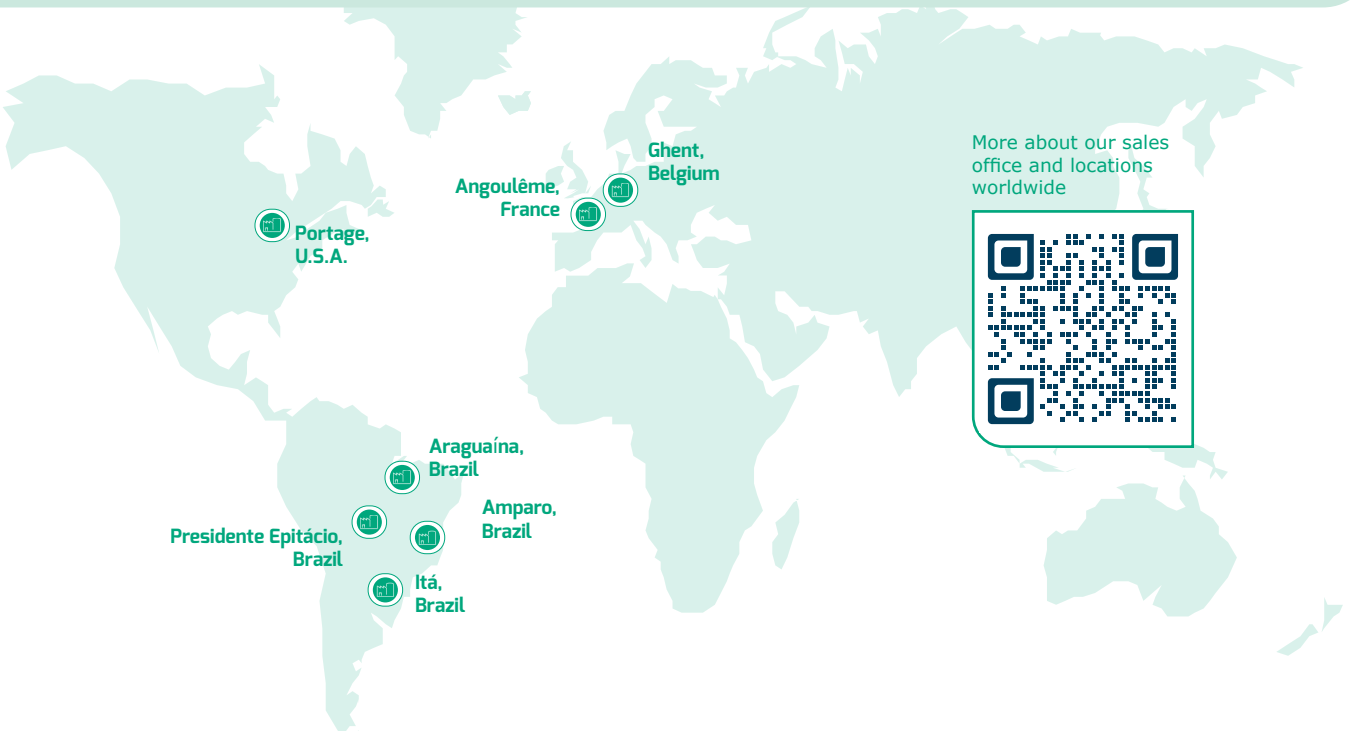

7 collagen production plants

14 sales offices

3 application labs in Ghent, Belgium; Wenzhou, China; Amparo, Brazil

More about our sales office and locations worldwide

# OUR COLLAGEN SOLUTIONS FOR HEALTH & NUTRITION

Peptan

## A world of potential

The scientifically documented and world leading collagen peptides brand<sup>2</sup>. Available with porcine, bovine, and fish origin.

PEPTInEX

## Reach your best potential

Meeting the growing market demand for collagen-based products, Peptinex<sup>®</sup> is ideal for collagen enrichment.

ProTake

## Unlocking application potential

ProTake<sup>®</sup> helps you increasing collagen protein content and improving texture.

Colartix

## Flex in motion

Joint care innovation with unique hydrolyzed cartilage collagen matrix, fueled with consumer-based science<sup>3</sup>.

## A rigorous scientific approach

### Clinical research

The health benefits behind Peptan<sup>®</sup> and Colartix<sup>®</sup> have been confirmed in multiple pre-clinical and clinical studies.

Rousselot is heavily investing in fundamental science to understand the mechanism of action.

### Sensory expertise

Rousselot's Global Sensory Program draws together insight from our lab analysts and sensory panels to test our products in a scientific, objective and standardized manner.

### Food science

Our in-house application expertise teams are a constant source of inspiration for our partners across the world.

With our application lab network we support our customers to innovate with product formulation.

## Our key vertical markets

### Beauty

**+7.4%**<sup>4</sup>  
CAGR  
( '23-'30)

### Mobility

**+6.6%**<sup>5</sup>  
CAGR  
( '24-'29)

### Sports

**+8.5%**<sup>6</sup>  
CAGR  
( '23-'28)

## Endless possibilities

Easy to use, of **natural origin**, clean label, **versatile**, heat resistant, **easily soluble**, **neutral in sensory**, some application examples include:

### Dietary supplements:

Powders

Tablets

Capsules

Shots

### Functional foods:

Beverages

Bars
