QBOOST PORK HYDRO-P PREMIUM AS A MULTIFUNCTIONAL INGREDIENT

QBoost Pork Hydro-P Premium collagen protein is a hydrolysed pork collagen. Pork Hydro-P Premium is a hydrolysed protein with a high level of protein and no fat. It can be used to increase the protein content in meat products and contributes to an improved cooking and slicing yield in various meat products.

Main properties

Pork Hydro-P Premium has a mild meaty flavour and smell. Also available is the Pork Hydro-P that has a meaty flavour with 90% of animal protein. Both are perfectly soluble and have a very neutral colour. GMO and allergen free. Due to modern production technologies, it can be offered at a very competitive price-level for all kind of meat applications.

HOW TO USE QBOOST PORK HYDRO-P PREMIUM

Pork Hydro-P Premium hydrolysed collagen has dust-free behavior which makes it easy to use in a wide range of applications where it brings binding, emulsifying, stabilizing and fining properties. Pork Hydro-P Premium hydrolysed collagen is a protein source used as bulking agent in a variety of food. At the production of cooked hams and shoulders, Pork Hydro-P Premium can be used by adding it to the brine or to the meat during tumbling, as it dissolves very well. Pork Hydro-P Premium can also be added during the dough preparation, at the production of comminuted meat products like hotdogs. This can also be done in combination with other protein ingredients.

WHERE TO USE QBOOST PORK HYDRO-P PREMIUM

Pork Hydro-P Premium can be added as ingredient for the production of whole muscle meat, cooked ham, shoulders and comminuted meat products. The application of Pork Hydro-P Premium offers benefits because of the excellent properties, high solubility, high protein content, good amino acid profile, positive effect on cooking and slicing yield and a meaty flavour and taste.
