

CHRIS MATTINGLY

SENIOR ACCOUNT EXECUTIVE

Chris has been with us for over 15 years. He loves his job as a Senior Account Executive, and looking back, he never thought that he would be where he is today. With a background in sales for various waste companies, Chris was a perfect fit when he started all those years ago. Over the years, he says that the customer partnerships and relationships he's made here are second to none. Chris' team has said that, "Chris is a valued member of the team that is very passionate about his customers, the Company and his role as a Senior Account Executive. Chris can always be counted on to go above and beyond for his customers and the company."

Learn more about Chris below!

Q: What do you like most about your job?

A: I love the familiarity I have with our customer base and the teamwork that we implement together. We are not a "one-man show" here, and that's what I like most.

Q: What is your favorite part about working for DAR PRO?

A: I love that our success is interconnected. One success is dependent on others' hard work, not just your own. That includes sales, customer service, and probably most importantly, our drivers.

Q: If you had to choose three words to describe yourself, what would those words be?

A: I would have to choose loyal, detailed, and comical.

Q: How would you describe your work style?

A: I try to be very detailed and prepared in everything that I do. The past knowledge and experience helps me apply what I have learned to help me do that.

Q: How do you impact your customers?

A: I do my best to have a meaningful relationship with every customer. Not everyone you meet will be willing to have this, but this has been one of the most important aspects of my job. I try to show empathy and understanding with every customer.

Q: What do you like to do outside of work?

A: I make an attempt at golf. I also live in Nashville, so music is a big part of that.

Q: What is your favorite fried food?

A: The Green Chili Wontons at Bristol Bar & Grill in Kentucky!
