Q: What do you like most about working for DAR PRO?

A: Some of the things I like about working here is helping customers add new service, and also learning about what goes into our customer's business through that process. But I'd have to say that doing sales is the best part of my job.

Q: How do you impact the customer?

A: When I work with customers, I do my best to be personable and empathetic so they know that I want to help them.

Q: Did you always know about sustainability?

A: I did not have an understanding about sustainability, but I have learned so much since I have worked here.

Q: How would you describe what kind of worker you are?

A: I would say that I am self-driven, and that I enjoy receiving critique so that I can improve.

Q: What do you like to do outside of work?

A: I am a big sports fan, so I watch a lot of Bengals and Dallas Mavericks games. I also like to sing Karaoke. Some of my favorite songs to sing are One by U2 and Wanted Dead or Alive by Bon Jovi.
